

*A*dditional News from the Mission trip to Pakistan/Afghanistan

by **David Wilson**

Dear Brothers and Sisters,

We want to give a further and final update concerning the Pakistan Trip. During the trip we had meetings in three cities Peshawar, Rawal Pindi, and Lahore. The Spirit of God moved powerfully during these meetings. There were numerous testimonies of healing and over 2500 people responded to receive the Lord. Perhaps our best meeting was in Pindi at which there was over 4000 in attendance and God's spirit fell in a mighty way.

All of the meetings were well guarded and I felt safe the whole time we were there. We were also able to encourage the leadership during the Leadership Seminars, two of which we held in Peshawar, the border town to Afghanistan and a leadership meeting of about 300 in Rawal Pindi. The last week we were able to go into Kabul, Afghanistan by ground and visit with the missions organization there and the Maiwand Hospital, which I believe is the principle hospital in Afghanistan. Immediately after we crossed over into Afghanistan, you could sense a new freedom with far more openness than we had experienced under the Taliban. We were able to return to Pakistan and make arrangements for some medicine to be sent back to the Maiwand Hospital.

Thanks so much for your prayers to the endeavor and for these two countries. God moved tremendously and we seen the doors open for blessings of the same type in Afghanistan. (Revelations 4:1) Please continue to pray for these two nations and consider joining us next spring for outreaches in both of these countries. (Psalm 98:2) Please let me know if you are interested in the trip since we are preparing now for next year.

May God Bless You

Mission trip to Pakistan/Afghanistan

Dear Brothers,

Thanks so much for your prayer support. As you may have heard the Lord answered marvelously. We were able to have tremendous meetings in three cities in Pakistan. We also were able to meet the father of one of the victims of the bombing in the capital. The last week of our trip, we were able to go into Kabul and met with the director of the Mianiawnd Hospital in Kabul and purchase medical supplies to be sent back in the country for his use.

Please continue to pray for these two nations, particularly for the nation of Afghanistan as a door seems to be opening in the spirit of that nation (Revelations 4:1).

Thanks again so much for your prayers. They were answered in a mighty way.
To God be the Glory

We will be leaving for Russia in about six weeks. We hope to encourage that church to be involved in joining in a mission project to 2004 Olympia in Athens. If you are at all interested in this outreach, please let us know. We hope to put together a team from many nations.

Your Brother David
